## *Organizations*

Providing enjoyable entertainment and preparing individuals for more active participation in community activities after graduation are two of the main purposes for having organizations in the schools. Each of us at North Duplin derives pleasure and benefit from these clubs.

# The Rebel Staff

The annual staff started to work on the 1962 REBEL at the beginning of the school year. We have worked hard selling ads, arranging pictures, compiling statistics, typing, and doing the other "thousand and one" things necessary for publishing a n annual.

We have had the cooperation of the students, as well as the faculty; and for this cooperation, we thank you.

Our endeavors were to achieve one purpose: to present to you a yearbook which would reflect all phases of school life, thus enabling you to recapture the memories of this school year.

#### THINK ON THESE THINGS

What to remember, what to forget, that is the question.

It seems to me that the good things, the heavenly guidance, the help that other men have given us to keep the right path, are the things to remember.

The mistakes, the false leads, the devilish influences, are the things to forget.

## *Underclassmen*

We enter as freshmen, and think only of the maze of unfamiliar faces. Soon, we make new friends and settle down for four years of work toward graduation. As sophomores, we begin to take a more active part in the activities of North Duplin. As juniors, we are upper-classmen with new privileges and new responsibilities, looking forward to the wonderful senior year, which doesn't seem far away.

# *Good Recipes, Sound Dreams, And Faison-.*

The warm April day in 1929 when "Mr. Charlie" Cates first drove into Faison in a model-A Ford, with a head full of pickle recipes and a heart full of dreams, was the beginning of a community-corporate relationship which this spring marks its 33rd anniversary. The progress of the company during these years has resulted from the contributions of many people. And evidence of this growth can be found in the increase from the first annual payroll of less than \$6,000 to this year's sum of more than \$600,000. Adding this money to the economy of Faison and the surrounding areas is one of several ways in which the company has served a beneficial role in the community's life. We in turn feel a wealth of gratitude toward the countless citizens of Faison whose support and encouragement have helped bring "Mr. Charlie's" early dreams into being. The interest you have shown during our first thirty-three years we hope will continue...for it forms the backbone of our future.
